**Step 2:** You will be directed to google drive upon signing in or if you're already logged into the email account. Navigate to shared drives as shown below.

**Step 3:** In the shared drives, you will find the Software folder. Click on the folder.

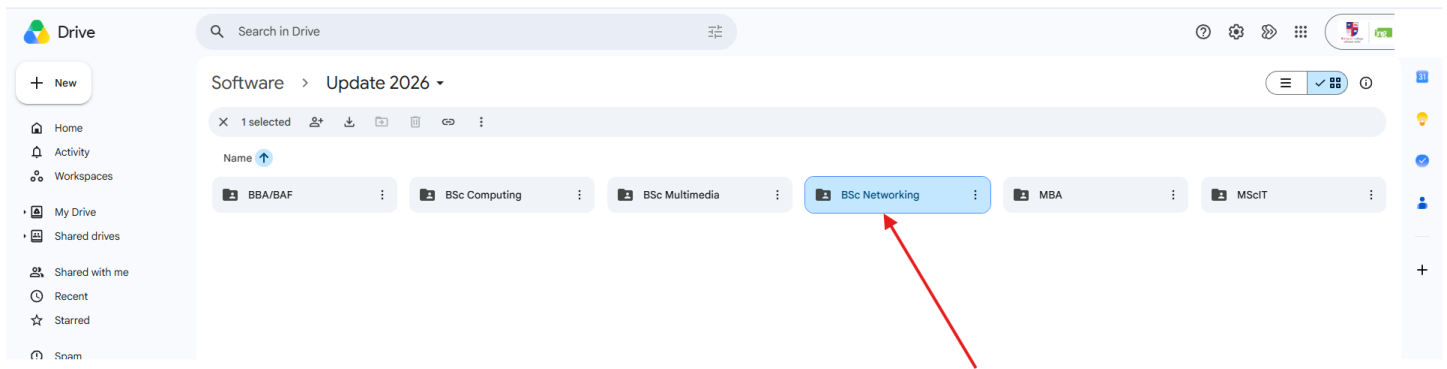

## Step 4: Click on Updated 2026.

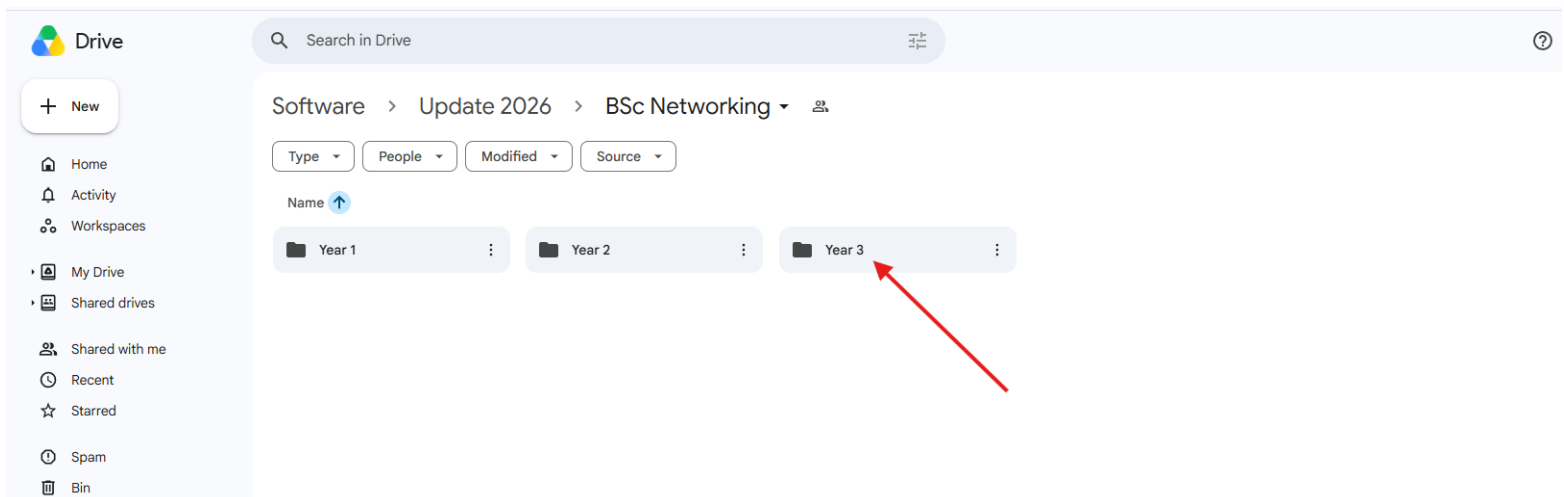

**Step 5:** After getting into Update 2026, you will find folders with your faculty name. Selected the one in which you are a part of.

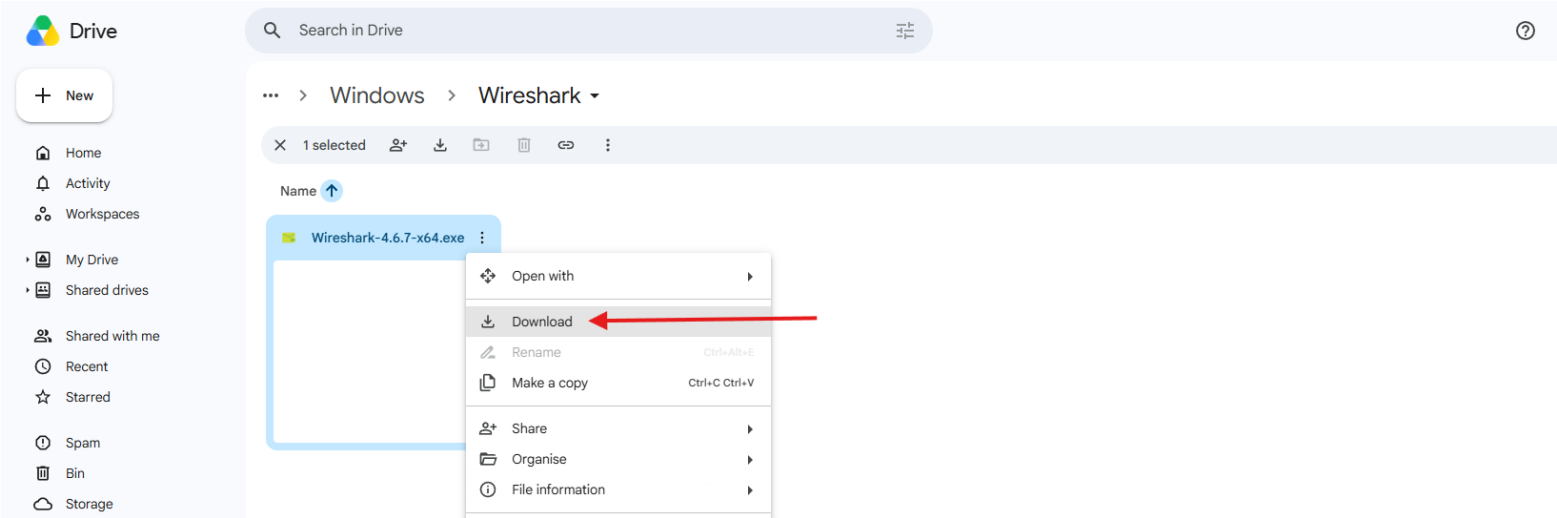

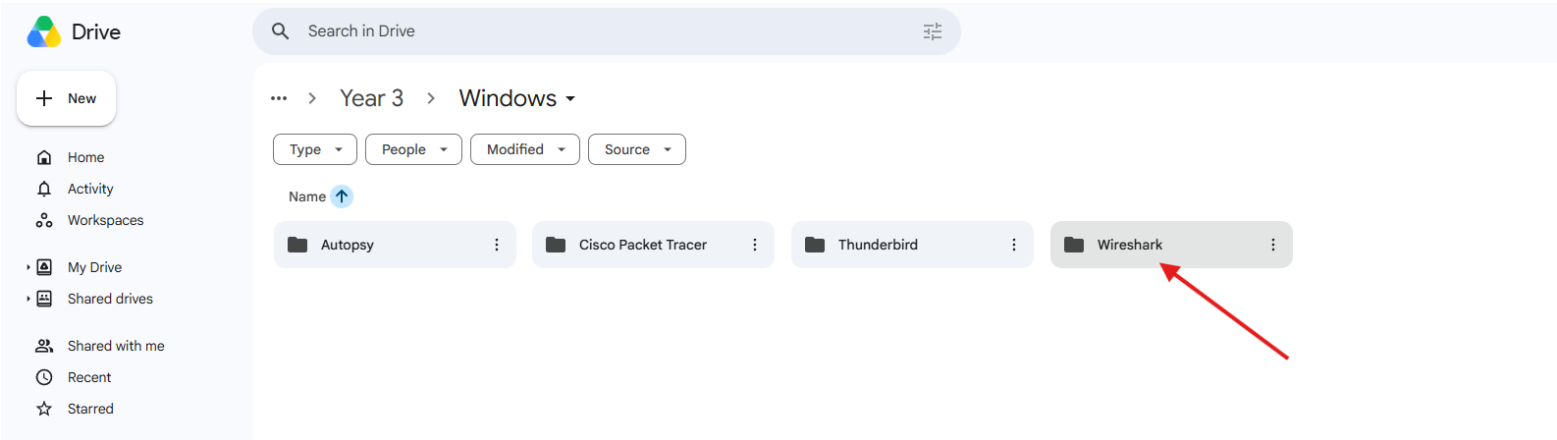

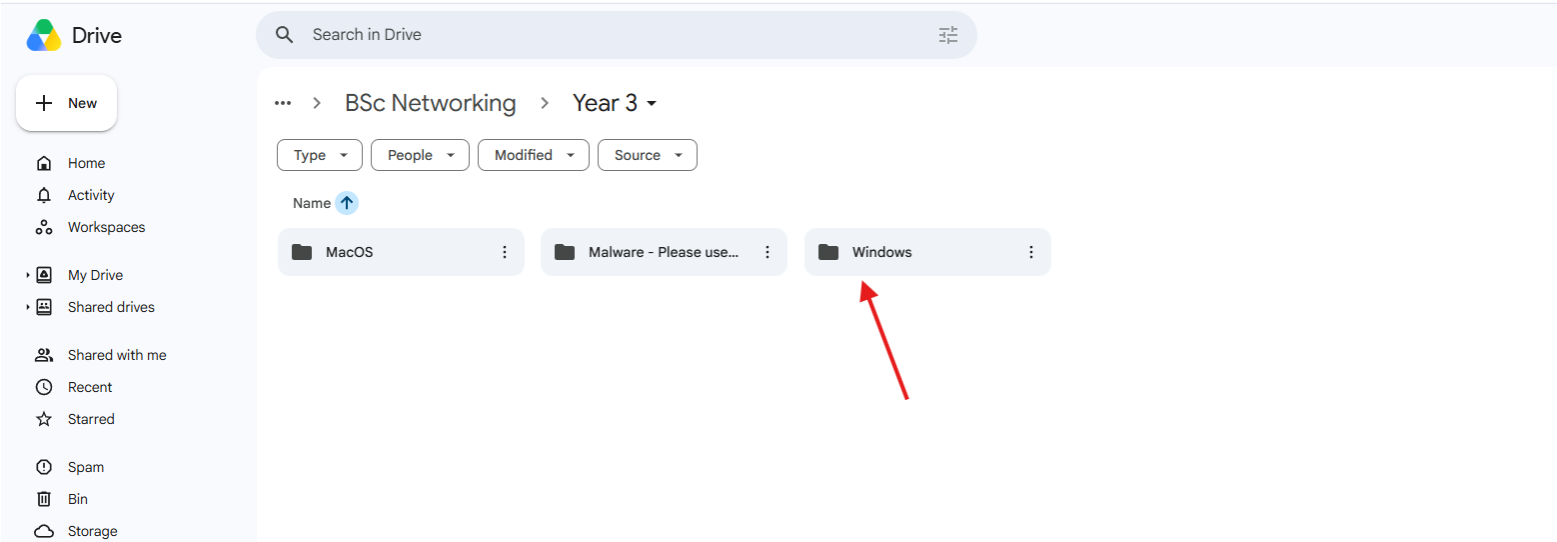

**Note:** Your faculty folder determines the availability of the software you need for your normal class operations.

**Step 6:** After selecting the faculty, select the year in which you are enrolled in.

**Step 7:** Select windows folder and then click on Wireshark folder and download the file.

## Unable to scan the file for viruses

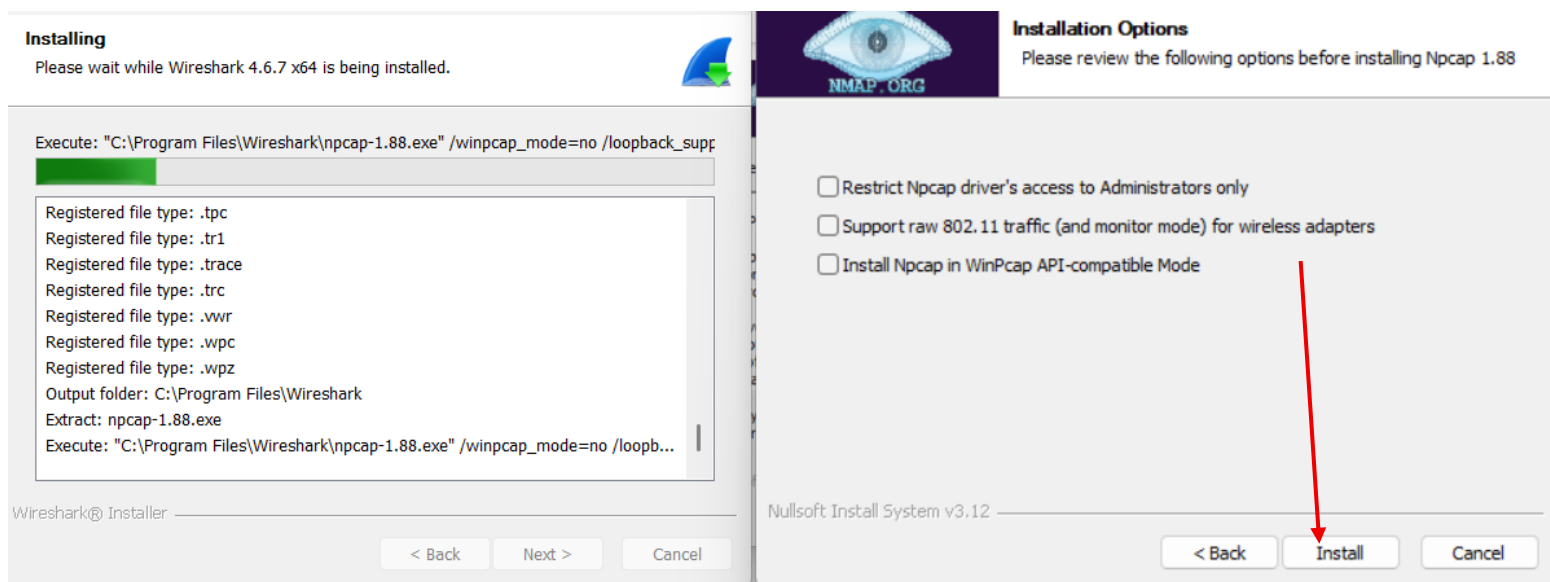

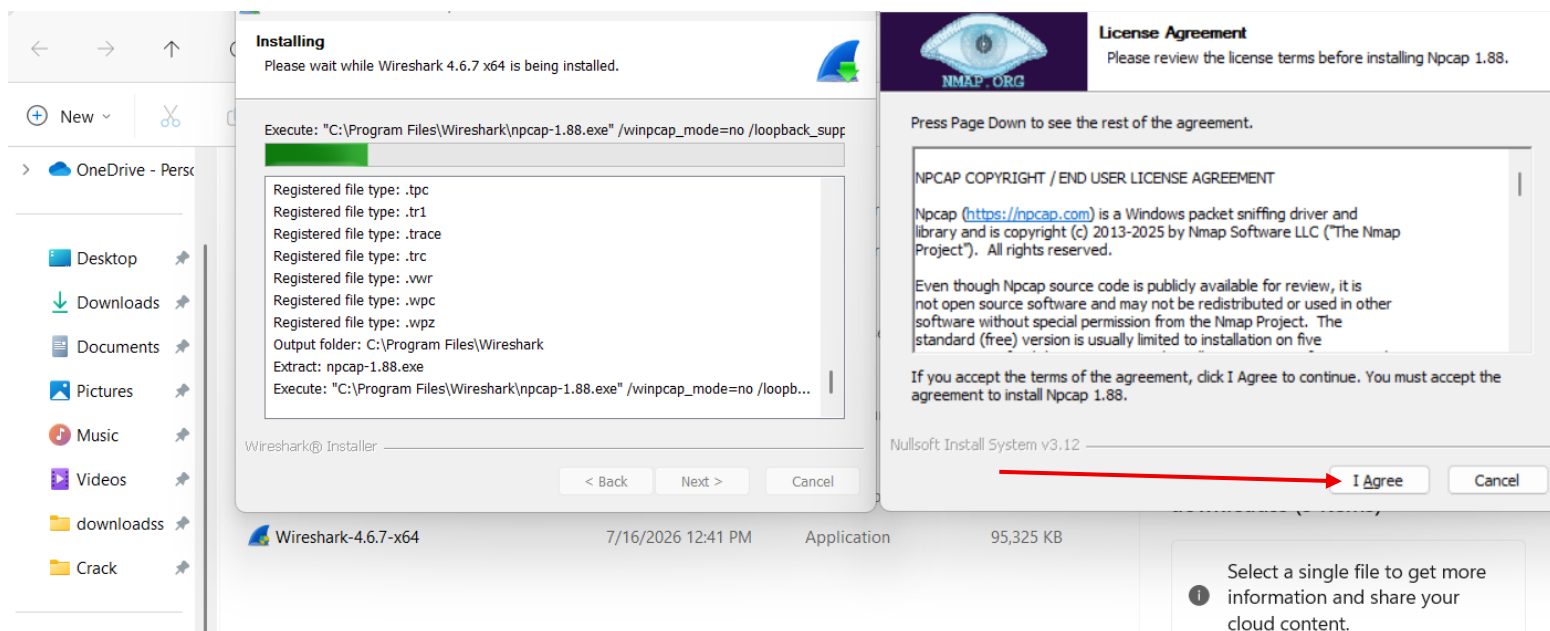

"Wireshark-4.6.7-x64.exe" cannot be scanned because we are experiencing technical difficulties. This file might harm your computer, so only download this file if you understand the risks.

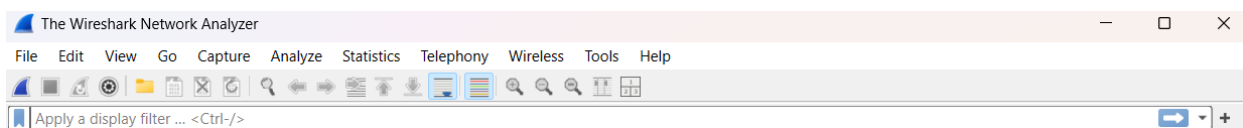

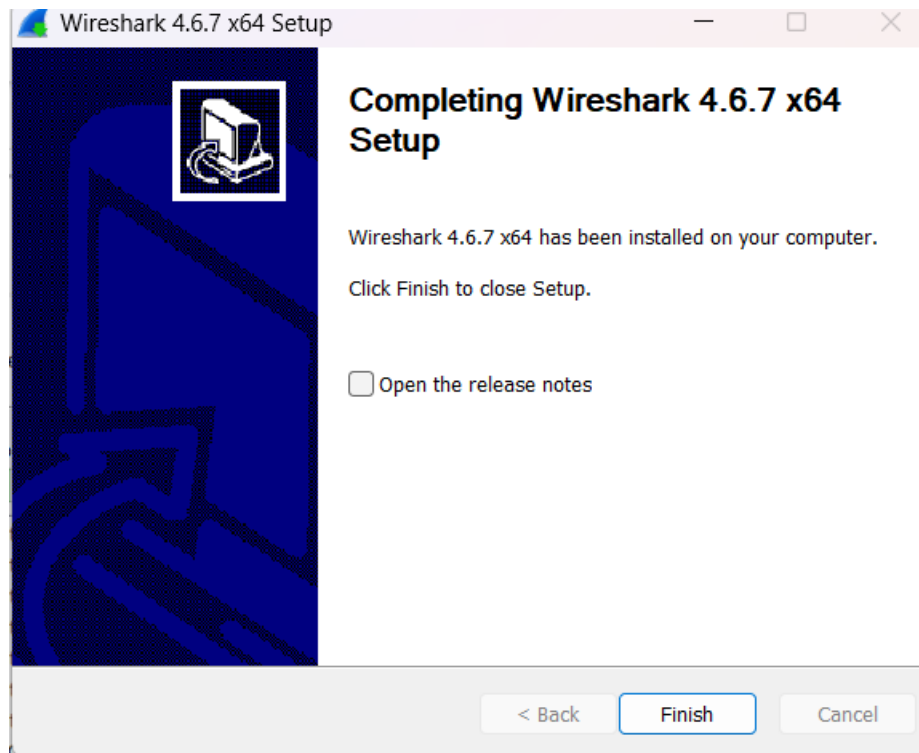

## Recent download history

 **Wireshark-4.6.7-x64.exe**  
↓ 36.0/93.1 MB • 6 seconds left

**Step 8:** Go to your downloaded file location and install the Wireshark application.

**Step 9:** Click Finish to close installation process and your Wireshark is ready to use.

Welcome to Wireshark

4.6.7 (v4.6.7-0-gb439fb7b47a9). You receive automatic updates.
